# Important Information for Buyers

## Estimates and Reserves

Estimates are intended as a guide only for prospective purchasers. Any bid between the listed figures would, in our opinion, offer a fair chance of success. However, realised prices may be above or below estimates, which do not include Buyers Premium. All lots have reserves, at or below the low estimate. Reserves on the majority of lots are 85% of low estimate, but some reserves may be higher or lower than this figure. No bids will be accepted below the reserve price.

## Buyers Premium

### Purchasers Resident within Great Britain and the European Union

Buyers premium on all lots is 22.8%. Further details are given in the notes on VAT below.

### Purchasers Resident outside the European Union

Buyers premium on all lots is 19% provided all lots are posted to the purchaser by Argyll Etkin Limited.

## Value Added Tax

### Purchasers Resident within Great Britain and the European Union

Lots marked † after the lot number are imported from outside the UK under the auctioneers temporary import scheme. As such VAT at the reduced rate of 5% will be added to the hammer price. On all other lots there is no VAT on the hammer price. VAT at 20% will be added to the 19% buyers premium on all lots, including those sold under the auctioneers temporary import scheme. Although buyers premium includes an element of VAT it will be shown as a single inclusive amount and the VAT within this amount may NOT be reclaimed by the buyer even if the buyer is registered for VAT. 20% VAT will be added to the 2½% charge for paying by corporate credit card. 20% VAT will also be added to postage and packing charges.

### Purchasers Resident outside the European Union

There will be **NO VAT CHARGES** (on the hammer price, 19% buyers premium, credit card charges or postage and packing charges) **provided Argyll Etkin post the lots to the purchaser**. Therefore the only additions to the hammer price paid by purchasers outside the UK are the 19% buyers premium, postage and packing charges, and the 2½% charge if paying by credit card. Any purchaser collecting their lots in person will be treated as being resident within the UK for VAT purposes.

He is suffering with a swelled face which I am informed is the only reason why he has not yet fixed an interview. I have rode all about Longwood, his residence and seen the bounds presented to him, it being Sir Hudson wish, since the debate upon that subject in the House of Lords, that I should be made acquainted with his exact situation. It is the opinion of many here that he will be allowed to go to England in eight or ten years. He appears to be in bad health on account his being troubled with swelled legs, his limits are enlarged that he may have more exercise ..... Mardens account of Bonaparte is said to be very incorrect by those who came out with him and they give him credit for only about one half of what he states. ## ZANZIBAR

- 1864 **Livingstone/Slavery.** 1872 (undated) Four page letter from Lieut. William Henn, R.N. on printed "LIVINGSTONE SEARCH EXPEDITION" notepaper, with good content describing captured Arab slave dhows and the numbers and conditions of the slaves, the way these slave traders deliberately wreck their dhows to escape naval vessels drowning many of the slaves, the discharging of slaves at Zanzibar harbour under the guns of the English men of war who are powerless to touch them under the treaty signed with the Sultan, and the way slave traders and customs officials in Zanzibar leave the weak or ill slaves to drown with the incoming tides. The Livingstone Search Expedition was despatched to Zanzibar in February 1872 by the British Government and Royal Geographical Society to search for Dr Livingstone (who had not been heard of since 1869) but was abandoned in April 1872 when news of Stanley's meeting with Livingstone reached Zanzibar. No cover but a rare and interesting letter, presumably from a former member of the Search Expedition written when serving on a naval anti-slavery patrol. £500-600

# Philatelic Auctioneers' Standard Terms and Conditions of Sale (1973 Revision)

## Notice

Argyll Etkin Ltd., the auctioneers, exercise all reasonable care to ensure that all statements as to cancellation, centring, colour, condition, date of issue, or of postal markings, gum, margins, paper, perforation, printing, provenance, quality, sheet position, status, usage, watermark, etc. in lot descriptions are reliable and accurate, and that each item is genuine unless the contrary is indicated. However, the statements are not intended to be, are not and are not to be taken to be, statements of fact or representation of fact in relation to the lot. They are statements of the opinion of the auctioneers, and attention is particularly drawn to clause 5 of the Philatelic Auctioneers' Standard Terms and Conditions of Sale (1973 Revision) set out below. Comments and opinions, concerning the characteristics mentioned above, which may be found in or on lots as notes, lists, catalogue prices, writing-up or any other means of expression, do not constitute part of lot descriptions and are not to be taken as such unless they are made or specifically verified by the auctioneers.

## Clause 1

- (a) Each lot is put up subject to any reserve price imposed by the vendor.
- (b) Subject to sub-clause (a) of this clause, the highest bidder for each lot shall be the purchaser thereof.
- (c) If any dispute arises as to the highest bidder the auctioneer shall have absolute discretion to determine the dispute and may put up again and re-sell the lot in respect of which the dispute arises.

## Clause 2

- (a) The bidding and advances shall be regulated by and at the absolute discretion of the auctioneer and he shall have the right to refuse any bid or bids. Note: where an agent bids, even on behalf of a disclosed client, the auctioneer nevertheless has the right at his discretion to refuse any such bid.
- (b) The purchaser of each lot shall immediately on its sale if required by the auctioneer give him the name and address of the purchaser and pay to the auctioneer at his discretion the whole or part of the purchase money. If the purchaser of any lot fails to comply with any such requirement the auctioneer may put up again and re-sell the lot; if upon such re-sale a lower price is obtained than was obtained on the first sale the purchaser in default on the first sale shall make good the difference in price and expense of re-sale which shall become a debt due from him.
- (c) Where an agent purchases on behalf of an undisclosed client such agent shall be personally liable for payment of the purchase money to the auctioneer and for safe delivery of the lot to the said client.

## Clause 3

- (a) The auctioneer reserves the rights to bid on behalf of clients and vendors, but shall not be liable for errors or omissions in executing instructions to bid.
- (b) The auctioneer reserves the rights before or during a sale to group together lots belonging to the same vendor, to split up and to withdraw any lot or lots at the auctioneer's absolute discretion and without giving any reason in any case.
- (c) The auctioneer acts as agents only, and therefore shall not be liable for any default of the purchaser or vendor.

## Clause 4

- (a) Each lot shall be at the purchaser's risk from the fall of the hammer and shall be paid for in full before delivery and taken away at his expense by a purchaser in the United Kingdom within 7 days from the date of sale and by a purchaser overseas within 14 days from the date of sale or such longer time as shall be agreed in writing between the auctioneer and the purchaser.

- (b) If any purchaser fails to pay in full for any lot within the time stated in sub-clause (a) of this clause such lot may at any time thereafter at the auctioneer's discretion be put up for sale by auction again or sold privately; if upon such re-sale a lower price is obtained than was obtained on the first sale the purchaser in default on the first sale shall make good the difference in price and the expenses of re-sale which shall become debt due from him.
- (c) Interest at 1.5% shall be payable by the purchaser on any overdue account, but the auctioneer shall have a discretion to waive payment of the interest.

## Clause 5

- (a) Each lot is sold as - (i) genuine unless otherwise described in the sale catalogue or by the auctioneer, and (ii) correctly described. The date of any certificate forming part of the description of any lot will be included in the description.
- (b) A purchaser shall be at liberty to reject any lot if he - (i) gives the auctioneer written notice of intention to question the genuineness or, as the case may be, the accuracy of description of the lot within 7 days (or, in the case of an overseas purchaser, a reasonable time) from the date of sale; AND (ii) proves that the lot is not genuine or was incorrectly described; AND (iii) returns to the auctioneer within 30 days from the date of the sale the lot in the same condition as it was at the time of sale; provided that the auctioneer may, at his discretion, on receiving a request in writing from the purchaser, extend for a reasonable period the time for return of the lot to enable it to be submitted to expertisation. Note: The onus of proving a lot not to be genuine or incorrectly described is on the purchaser. The inability of a recognised expert committee to express a definite opinion shall serve to discharge the onus on the purchaser and shall be a ground for rejecting the lot concerned.
- (c) Where a lot has been submitted to expertisation, all costs of such expertisation shall be paid by the person who retains the certificate and item or items to which the certificate relates.
- (d) Where the purchaser of a lot discharges the onus and acts in accordance with sub-clause (b) of this clause, the auctioneer shall rescind the sale and repay to the purchaser the purchase money paid by him in respect of the lot.
- (e) No lot shall be rejected if, subsequent to the sale, it has been immersed in water, marked by an expert committee or treated by any other process unless the auctioneer's permission to subject the lot to such immersion or treatment has first been obtained in writing.
- (f) Any lot listed under "collections and various" or stated to comprise or contain a collection, issue or stamps which are undescribed shall be put up for sale not subject to rejection and shall be taken by the purchaser with all (if any) faults, lack of genuineness and errors of description and numbers of stamps in the lot, and the purchaser shall have no right to reject the lot; except that, notwithstanding the foregoing provisions of this sub-clause, where before a sale a person intending to bid at the sale gives notice in writing to, and satisfies the auctioneer that any such lot contains any item or items undescribed in the sale catalogue and that person specifically describes that item or those items in that notice, then that item or those items shall, as between the auctioneer and that person, be taken to form part of the description of the lot.
- (g) No lot illustrated in the catalogue shall be rejected on the ground of cancellation, centring, margins, perforation or other characteristic clearly apparent from the illustration.

## Clause 6

Argyll Etkin Ltd. has the right to refuse admission to its premises or attendance at its auction without giving a reason.

## Clause 7

The respective rights and obligations of the parties shall be governed and interpreted by English law and the vendor and purchaser hereby submit to the jurisdiction of the English courts.

Attention is drawn to the Conditions of Sale, Clause 5 and paragraph "Lot purchases subject to extensions". You must advise Argyll Etkin Ltd. immediately on receipt of the lots if you have any queries or intend submitting individual items for an expert committee opinion.
